PARKER, BRIDGET & CO., "Ninth and the Avenue."

Your Easter clothes, gentlemen!

—the footwear
—the headgear
—the haberdashery.

Don't buy haphazard!

It's so easy to go awry. You

ought to know that satisfaction is certain here—thousands of men do.

The minute they need clothes they drop in with full confidence of getting garments of distinctive fashion and of paying only what they're worth.

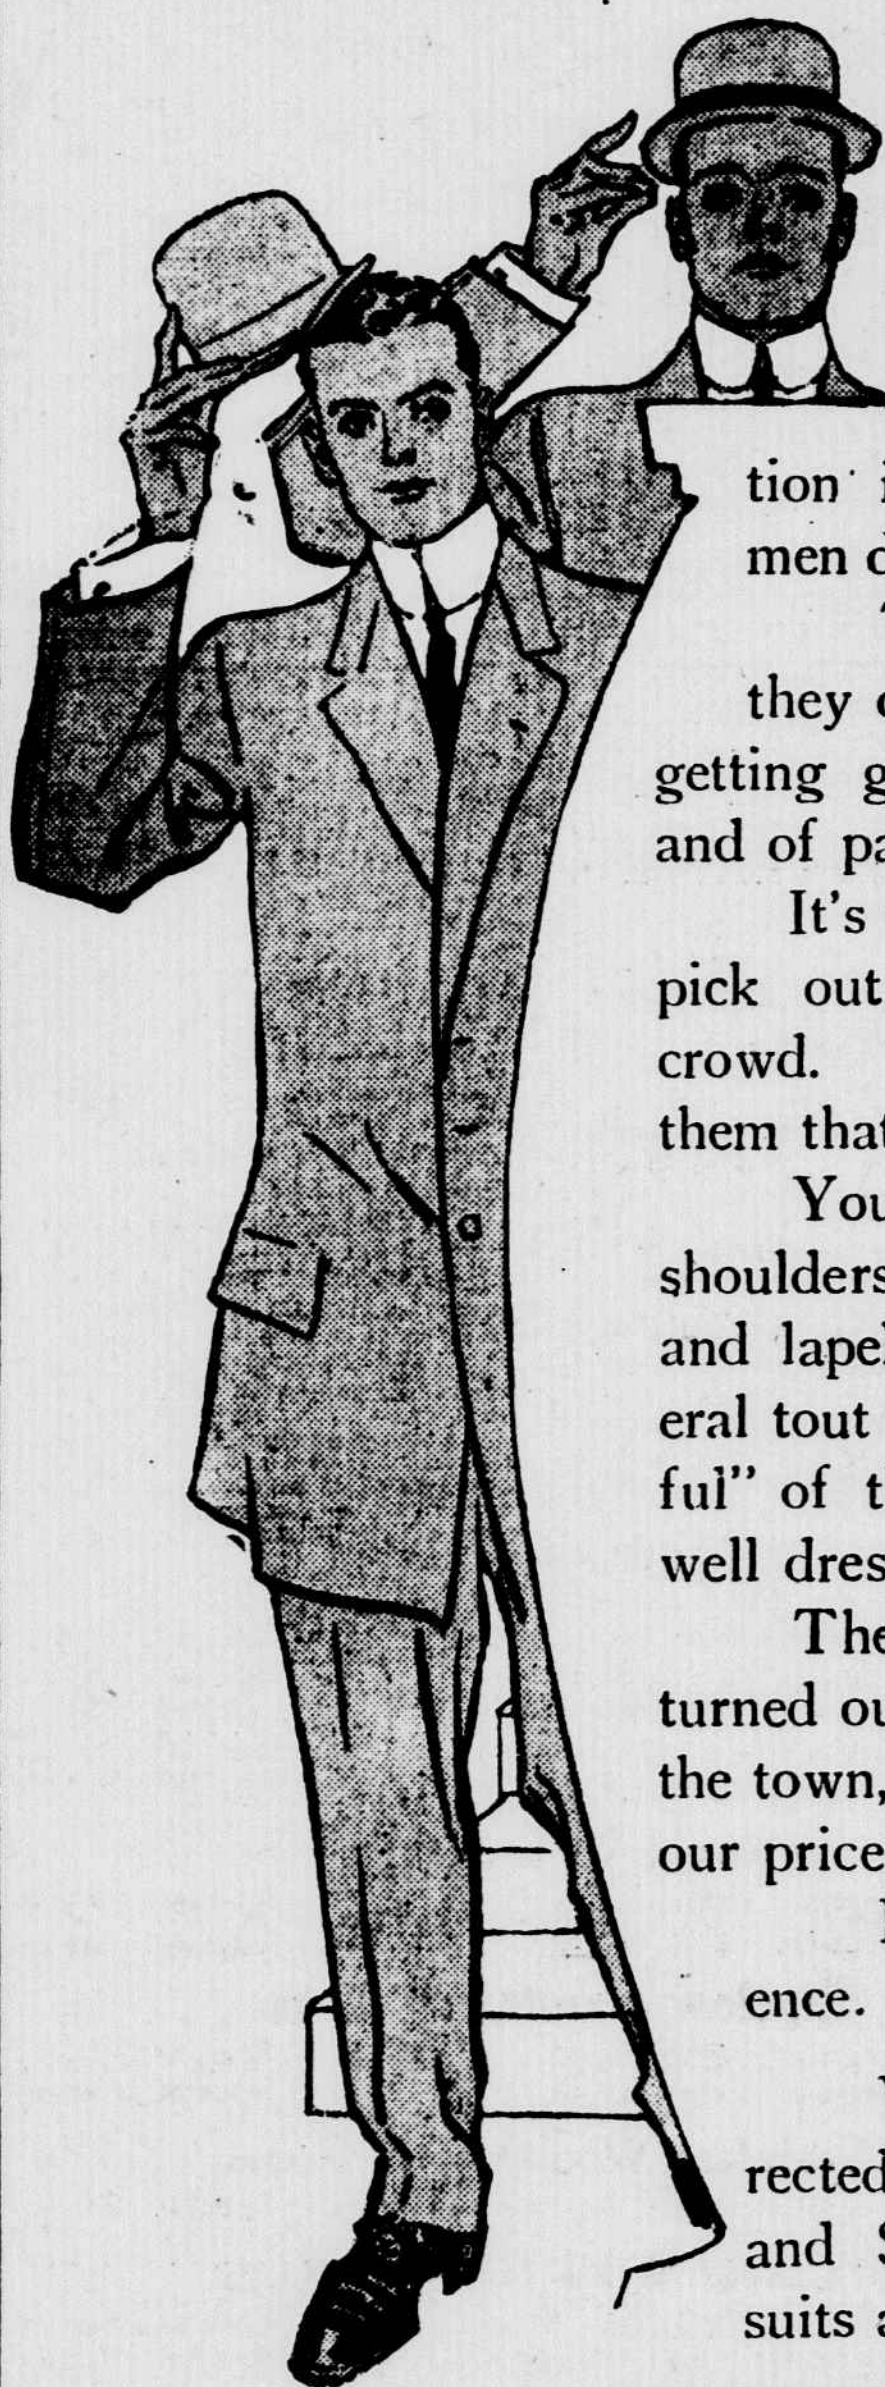

It's the easiest thing in the world to pick out Parker-Bridget clothes in a crowd. There are so many points about them that proclaim their individuality.

You can distinguish them by the shoulders—by the fronts—by the collars and lapels—by the sleeves—by the general tout ensemble, for they are "brimful" of the character that proclaims the well dressed man.

They are just such clothes as are turned out by the highest class tailors of the town, but they ask you almost double our prices.

It's ridiculous to pay the difference.

Your particular attention is directed to the men's suits at \$18, \$20 and \$25, and to the young men's suits at \$12, \$15, \$18 and \$20.

You haven't unless you have bought here, for we control the selling of the creations of those makers whose ideas are accepted by discriminating dressers.

Whether it's men's, women's, misses' or children's footwear you may look to us for the correct styles and most worthwhile qualities in footwear for all occasions. Particular attention is directed to the showing of Pumps and Ties for spring.
